

GTA IN BRIEF

[Recycling provincial assets](#) Commissioned by the **Residential and Civil Construction Alliance of Ontario**, the recently released report [Unlocking Ontario's Advantages](#):

[Building new infrastructure on the foundation of existing public assets](#) offers practical guidance to decision-makers on how capital assets held by the province might provide better returns. Prepared by former Ontario deputy minister **Michael Fenn**, the report is intended to build on a paper released by the **Mowat Centre** in April 2014 on Recycling Ontario's Assets and to provide input into the **Premier's Advisory Council on Government Assets** chaired by **Ed Clark**.
