## Nadia Todorova Becomes Chairwoman of Construction & Design Alliance of Ontario

**Vaughan, Ont.** – Nadia Todorova, Executive Director of the Residential and Civil Construction Alliance of Ontario (RCCAO) this morning became the Chair of the Construction & Design Alliance of Ontario (CDAO).

**Nadia made the following statement upon assuming the role as Chair:**

“Leading the CDAO is a tremendous honour and we are eager to strengthen its role in driving impactful change for our industry in navigating the economic and regulatory environments our members confront every day.”

“I want to thank Bart Kanters for his incredible leadership over the past two years, as well as Sharon Portelli for her valuable contributions, particularly in leading the successful 2023 Procurement Day. Both have been instrumental in the association’s progress, and we are grateful for their service.”

“The CDAO is an integral and collaborative forum, bringing together the alliances and stakeholders that make up the construction sector in Ontario. Given the wealth of expertise around the table, I look forward to the impactful work that CDAO can do including to advance the development of a procurement guide for industry and public owners, and serving the needs of our members.”

**Background on CDAO:** *The Construction Design Alliance of Ontario is a forum for discussion, development and advocacy of the broader construction industry’s issues related to provincial government policy, legislation and/or regulation. The Alliance will develop consensus opinions and recommendations which will be properly supported by appropriate research and information and presented effectively and professionally to the government.*

**Background on RCCAO:** *The Residential and Civil Construction Alliance of Ontario (RCCAO) is a labour-management construction alliance. Since its formation in 2005, RCCAO has been a leading industry advocate for infrastructure investment. It has commissioned 61 independent, solutions-based research reports to help inform decision makers.*
