Statement by Residential and Civil Construction Alliance of Ontario (RCCAO) Executive Director, Nadia Todorova, on the Ontario government's awarding of a major contract to build the western section of the Bradford Bypass:

“RCCAO commends the Ontario government for awarding a major contract for construction of the western section of the Bradford Bypass, marking a significant advancement in this critical infrastructure project.

The Bradford Bypass is a long-awaited project that will alleviate the substantial congestion plaguing the Greater Toronto Area, which costs the region \$11 billion annually in lost productivity. This is a vital step forward in enhancing connectivity, supporting the movement of people and goods, and addressing Ontario's infrastructure needs.

As a leading advocate for transformational infrastructure projects like Highway 413 and the Bradford Bypass, RCCAO recognizes the role of these projects in fostering economic vitality and Ontario's long-term competitiveness. These initiatives will also spur thousands of well-paying construction jobs, connect communities, and pave the way for housing expansion, ensuring Ontario's continued growth and prosperity.

RCCAO encourages the Ontario government to maintain momentum and expedite the completion of these projects to secure a more prosperous future for all Ontarians.”

RCCAO Executive Director Nadia Todorova is available for interviews.

Background on RCCAO: *The Residential and Civil Construction Alliance of Ontario (RCCAO) is a labour-management construction alliance. Since its formation in 2005, RCCAO has been a leading industry advocate for infrastructure investment. It has commissioned 61 independent, solutions-based research reports to help inform decision makers.*
