RCCAO Executive Director Nadia Todorova made the following statement on the introduction of the Buy Ontario Act:

"Ontario's construction workforce depends on strong local supply chains and procurement practices that recognize the value of skilled labour across our communities. By prioritizing Ontario-made goods and services, the province is helping ensure that public investments translate directly into local jobs to help confront economic instability caused by our trading partners.

RCCAO welcomes this legislation and looks forward to working with government and industry partners to help deliver projects that are built by Ontario workers, with materials and expertise sourced right here at home."

RCCAO Executive Director Nadia Todorova is available for interviews.
