## Ontario Infrastructure Bank Offers Potential for Expanded Infrastructure Building Capacity

**Statement by Residential and Civil Construction Alliance of Ontario (RCCAO) Executive Director, Nadia Todorova, in response to Government of Ontario's creation of the Ontario Infrastructure Bank:**

"Premier Ford's government recognizes the long-term need to build and upgrade infrastructure across our growing province. Over the next ten years, the Government of Ontario aims to deliver \$185 billion of infrastructure investments in the province, requiring labour and capital to meet demand."

"The Ontario Infrastructure Bank offers potential to get more built in the province by leveraging public infrastructure dollars to attract additional institutional capital. Allowing for more innovative sources of funding for infrastructure work is a positive step toward ensuring that Ontario has the necessary foundation for a prosperous and competitive future."

"RCCAO members will look to collaborate and learn more about the government's vision for the Ontario Infrastructure Bank and continue our work to ensure the province has the infrastructure needed to benefit all Ontarians."

***RCCAO Executive Director Nadia Todorova is available for interviews.***

***Background on RCCAO:*** *The Residential and Civil Construction Alliance of Ontario (RCCAO) is a labour-management construction alliance. Since its formation in 2005, RCCAO has been a leading industry advocate for infrastructure investment. It has commissioned 61 independent, solutions-based research reports to help inform decision makers.*
